

International Journal of Modeling and Optimization

CONTENTS

Volume 4, Number 6, December 2014

• Mechanical Engineering

- Numerical Simulation of Debinding Process in Metal Injection Molding.....421
Lih-Wu Hourng and Yau-Si Lin
- Simulation-Driven Design Optimization: A Case Study on a Double 900 Elbow Bend.....426
Richard A. Adjei and Ali Mohsin
- The Small Scale Effect on the Dynamic Behavior of Cantilever and Fixed-Fixed Nano-Switches.....433
B. Chen, L. Tan, and Z. Y. Ou

• Environmental Engineering

- Waste Heat Utilization for CO₂ Capture in the Cement Industry.....438
Udara S. P. R. Arachchige, Dinesh Kawan, Lars-André Tokheim, and Morten C. Melaaen
- Tuning of Controllers Developed for Oil Biodegradation Constructed Wetland.....443
Deia Eldin Osman Hagahmed, Gurashi Abdallah Gasmelseed, and Siddig Eissa Ahmed
- Applying a BP Neural Network Approach to the Evolution Stage Classification of China Rift Lakes.....450
T. Zhang, W. H. Zeng, and F. L. Yang
- Expert System for Monitoring Pollution of Rivers and Lakes.....455
Claudio G. Bernardo, Diego K. Souza, Jackson G. F. Nascimento, Ricardo P. C. Kaipper, and Thaigo C. M. Alvim
- Calibration of ASM1 for Carbon and Nitrogen Removals of Riqqa Activated Sludge System, Kuwait.....461
Abdallah Abusam
- Mixed Integer Nonlinear Optimization for ESP Lifted Oil Field and Improved Operation through Production Valve Choking.....465
Roshan Sharma and Bjørn Glemmestad

• Transportation and Logistics

- Application of Simulated Annealing in Transit Schedule Synchronization.....476
Vahid Poorjafari, Wen Long Yue, and Nicholas Holyoak
- Optimized Multi-Event Simultaneous Departure Routes for Major Hub Airport.....482
Zhang Song, H. G. Visser, Hou Mingshan, and Cong Wei
- The Research on Supplier Selection Model of the Third Party Logistics Based on Grey Clustering.....489
Yewang Zhou
- Item-Location Assignment to Responsiveness for Fulfilling Rush Demands in a Manufacturing Network....493

Yenming J. Chen

Sale Strategy of Substitutable Products under Consumer Choice.....499

Wei Gang Zhou

Towards Regression Testing Constraints.....504

Bouchaib Falah and Souhail Marghabi
